## **President's Message**

I hope that everyone had a wonderful Thanksgiving! Have you started working on getting your sleds ready for another season? The forecast is looking very promising for substantial snow well before Christmas! So keep your fingers crossed and we just may get a great winter this year!

We should be receiving a check from the NHTSA office very soon for the hours that club members worked at the Grass Drags. We had a few less members work this year but are fortunate to have Jeff Filleul turning in his hours for payment to the club. Thanks Jeff! With Jeff's hours we had a total for this year of 354 hours. Thanks once again to everyone that worked the event!

With hopes for a great winter, if you'd like to be part of the Adult Weekend this year you must let Lee Forcier know ASAP (497-4429 or [countrylife@verizon.net](mailto:countrylife@verizon.net)) so that he can reserve you a room! We will be locking in the location for this year's weekend at the December meeting so don't delay!

I hope to see you at the December 10<sup>th</sup> meeting and keep those fingers and toes crossed for lots of snow!

Your President,  
Albert Lambert

Please remember that trails do not open until December 15<sup>th</sup>. The lake and any other bodies of water are not safe to cross yet! The trail to Clough is not open from Kimball Pond, there is a landowner issue there. Other than that, we are just waiting for a little more snow so we can start riding.

## **B.S. from Bill**

Hello all,

Here in Manchester, it is the last week of November and we have seen snow! I know, I know. I can hardly believe it myself. Technically it was the first measurable white stuff of this year but I just needed a short ruler for it. Up north they have gotten more so maybe, maybe it is a sign of good things to come. Let's hope it's a good year.

I also hope all of you had a wonderful Thanksgiving. Did you eat too much to move and pass out watching TV or did you get up and go and put up your Christmas decorations already? I was at my wife's friends house and didn't get home until after 8pm, so I did neither. I won't say I was bored but I am going to blame the nap on the fact the house was at about 350 degrees for six hours and I was the turkey.

I would like to remind everyone to ride safe. Every year we hear of one or two horrible deaths on the lakes and trails of NH. Sometimes they are just plain bad accidents but most of the time it seems that the rider was at fault. Either they were drunk or driving too fast or without a helmet or not aware of the conditions they were riding in or on. I would love to have this be the year that not one of those tragedies befalls a single rider. So make sure you are able to drive, have the proper equipment, operate at a safe speed and know your conditions. Please be safe out there.

No more BS for now,

Bill Lofgren
