September 2011

Letter from the President

Welcome back to our 2011/2012 season! I hope that everyone had a great summer and that you were able to get out and enjoy it. Now comes our wonderful fall weather that will lead us into the white stuff we so love to play in. Bring it on!

We had a good turnout for our May banquet at the Airport Diner and the accommodations worked out very well. We once again had the back room to ourselves which made having a meeting following the meal much easier! I'd like to thank the Directors for presenting me with an Appreciation Award for 12 years as President. Thank you all!

I begin this season with the sad news of the resignation of our Publicity Director, Bill Lofgren. In his letter, Bill stated that with his new job and lack of owning a snowmobile, he's not able to get out with the club and partake in activities making it difficult, if not impossible, to write about what's happening in the club. So, for these reasons, Bill has resigned and has suspended his membership in the club till such time as he gets another sled. I can't thank Bill enough for all he has done with and for the club over these years and he will be greatly missed! We all wish Bill

the very best with work and family and look forward to the day that he's able to get on a sled again! Thanks Bill!

This, of course, leaves us needing a Publicity Director! It will be the first item we cover at our September meeting and it is an important one. The Publicity Director covers events by writing an article regarding all events in both the echoes and the Sno Traveler. This provides info to everyone in the club and in the state as to what we are doing as a club and what events/fundraisers we have planned. This info is vital to the success of events/fundraising! If you like to write and would be able to fill this position, please let me know (391-2597) or attend the first meeting on September 12th at 7:00pm at the Rec Center.

The board has met and we put together the calendar of events for the coming season. We'll be going over it at the first meeting and making adjustments as needed. If you have ideas for events for the club please tell us your ideas and maybe they'll be added to the coming season's activities!

Daryl Raskett along with Steve Waldorf have already started working on the trails for the coming season. Daryl is working on adding some new trails and may be looking for help in the coming weeks! Keep an eye out for emails regarding this and please let him know if you're available to help.

That's all for now and I hope to see you at our first meeting of the season on Monday September 12th 7:00 pm at the Rec Center.

Your President,
Al Lambert
